“INNOVATIVE”

DNA

Throughout The Next Century

1917

The company was established by Kazuchika Okura under the name, TOYO TOKI CO. LTD. which was later renamed to TOTO.

1923

The Great Kanto Earthquakes struck devastating Tokyo. A sewage system was built during the reconstruction, leading to a rapid growth in demand for sanitary wares.

2011

TOTO India Operations started with Head Office in Mumbai.

TOTO
INDIA

2013

TOTO Asia Oceania launched its first Technical Center in Singapore. It serves to introduce TOTO’s latest products and technologies to customers.

2014

TOTO India Industries launched its first Indian factory in Halol, Gujarat on 20th Aug, 2014.

2015

The TOTO Museum in Kitakyushu was opened to showcase the evolution of the business and its products. The museum highlights the historical landmarks that changed Japanese bathroom culture, including the move from rural to city living. Old toilet seats are on display, as well as exquisite porcelain tableware that the company used to produce as a side business in the past. TOTO aims to promote the appeal of this complex as a point of contact with visiting customers and clients. It positions as a landmark that disseminates information about the TOTO brand from Kokura, the birthplace of the company, to people all around the world.

In May 2017, TOTO ushered in the 100th anniversary of the establishment. We look forward to tomorrow and the future, to provide people beyond expectations “every day”.

1946

After World War II, TOTO began manufacturing metal fittings and faucets in addition to ceramics.

1980

TOTO launched WASHLET, providing consumers with a whole new level of cleanliness and comfort.

1993

NEOREST toilet was launched incorporating WASHLET with a comprehensive range of TOTO innovations. It brought with it the fullest realization yet of the principle of Clean Technology.

2008

TOTO Asia Oceania Pte. Ltd. was established as the headquarters of the Middle East, South Asia, South East Asia, and Oceania.

2019

TOTO India launched its first company owned showroom in India. With an area of 12000 sq.ft. and over 900 exclusive sanitaryware & technology products TOTO DELHI SHOWROOM (TDS) has gained fast popularity as a place for a design & architecture industry professionals to explore, discuss and share bathroom solutions.

UNITS SOLD WORLDWIDE

The Birth of a Revolutionary Product

1980

Always Innovating to Spread a Culture of Everyday Comfort and Cleanliness.

Since its launch in the 1980s, WASHLET has continually evolved through the invention of countless innovative clean technologies. This is also our history of creating—and spreading around the world—a new culture of comfort and cleanliness through the shift from only wiping with toilet paper to cleansing with water.

In 2019, it broke through the milestone of fifty million total units sold. As a worldwide best seller, TOTO will continue pursuing technological innovation to make the lives of people everywhere fresher and richer.

2022

Exceeds 60 million units

Our deep feelings for people and their life have remained unchanged since our foundation.

In 1912, in an era when there were as yet no sewage facilities in Japan and thoughts of hygiene were still nascent, Kazuchika Okura, the founder of TOTO, was deeply impressed by the cleanliness of the ceramic toilets he saw in the West and he took up the challenge to create a national hygienic ceramic industry based on the idea of "improving the lifestyle of the Japanese people". Subsequently, at the end of five year's research, he succeeded in mass-producing Japan's first hygienic ceramic toilet. This is exactly what we could call the beginning of a new culture.

TOTO's manufacturing philosophy is bonded deeply to that moment create when new lifestyle values were created. Further, these ideas have continued without pause until today. TOTO remains dedicated to delivering products that offer inclusive functionality and respect for the environment. We embrace these values every day to create a future that surpasses all expectations.

Corporate Message

TOTO

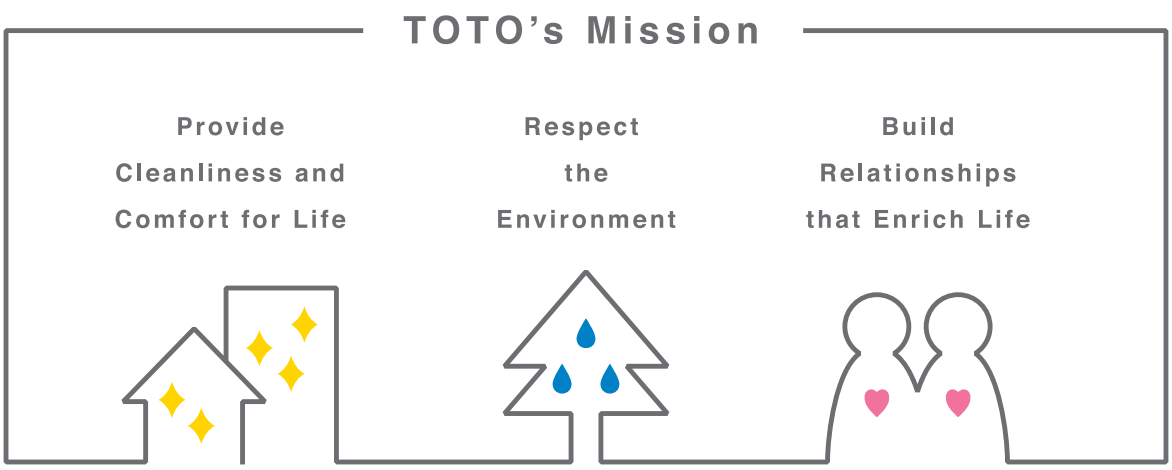

Life Anew

To create a culture comfortable, healthy living.

Since our founding, we have continuously pursued innovations that offer greater wellness and comfort to daily life. Honoring the trust that our customers and society place in us, TOTO remains dedicated to delivering products that offer inclusive functionality and respect for the environment. We embrace those values every day to create a future that surpasses all expectations.

Mission

To ensure we secure and retain the trust of customers and society as a whole, we have formulated a mission with three key elements.

TOTO Global Environment Vision

We will implement our Global Environment Vision to support the mission.

Water, Earth & a better Tomorrow

At TOTO, we're committed to improving life and the environment for a thriving future. Our production processes and products save water and energy, while reducing impact on the environment. We provide cleanliness and comfort while building relationships that enrich life. Water, Earth & a better Tomorrow All our group companies are dedicated to building a healthier and more sustainable tomorrow.

Understated Presence

Our wish is to provide,
as an integral part of everyday life,
enrichment to every person.
Our goal is to design products
with integrity and longevity,
to which people form an attachment over time.

Weaving together spaces that are beautiful and comfortable,
and experiences that are pleasant.

This is the TOTO design.

The three elements that bring the TOTO Design Philosophy to life.

Gentle to people

- **A part of everyday life**
- **Offers peace of mind**
- **Gentle to the human body**

Comfortable

- **Harmonizes with space**
- **Pleasant interface between people and objects**
- **Beautiful appliance**

Sincere on Beauty

- **Users find it pleasurable**
- **Retains beauty over time**
- **Creating a sustainable future**

OUR AWARD WINNING PRODUCTS

An internationally renowned design award since 1953. It is held at iF International Forum Design GMbH in Hannover, Germany. Products whose aesthetics, functionality, and innovativeness have been strictly examined and recognized by design experts.

TOTO CLEANOVATION

Clean gives peace of mind

Clean makes life beautiful

Clean feels refreshing

Clean is caring for people and the planet

Clean brings wellness to everyday life

TOTO innovation brings a new world of clean to life enriching every moment of every day.

NEOREST

NEOREST

NEOREST represents a new style of leisure bathing. It brings you a pure enjoyment by which you can get released both physically and psychologically when having the bath. You can gain the natural implication of the combination of water and people without any hustle and bustle.

- ACTILIGHT
- TORNADO FLUSH
- RIMLESS
- CEFIONTECT
- AIR- IN WONDER-WAVE
- EWATER+ FOR BOWL
- EWATER+ FOR WAND
- AUTO FUSH
- DEODORIZER
- HEATED SEAT
- WARM AIR DRYING
- PREMIST
- WATER SAVING

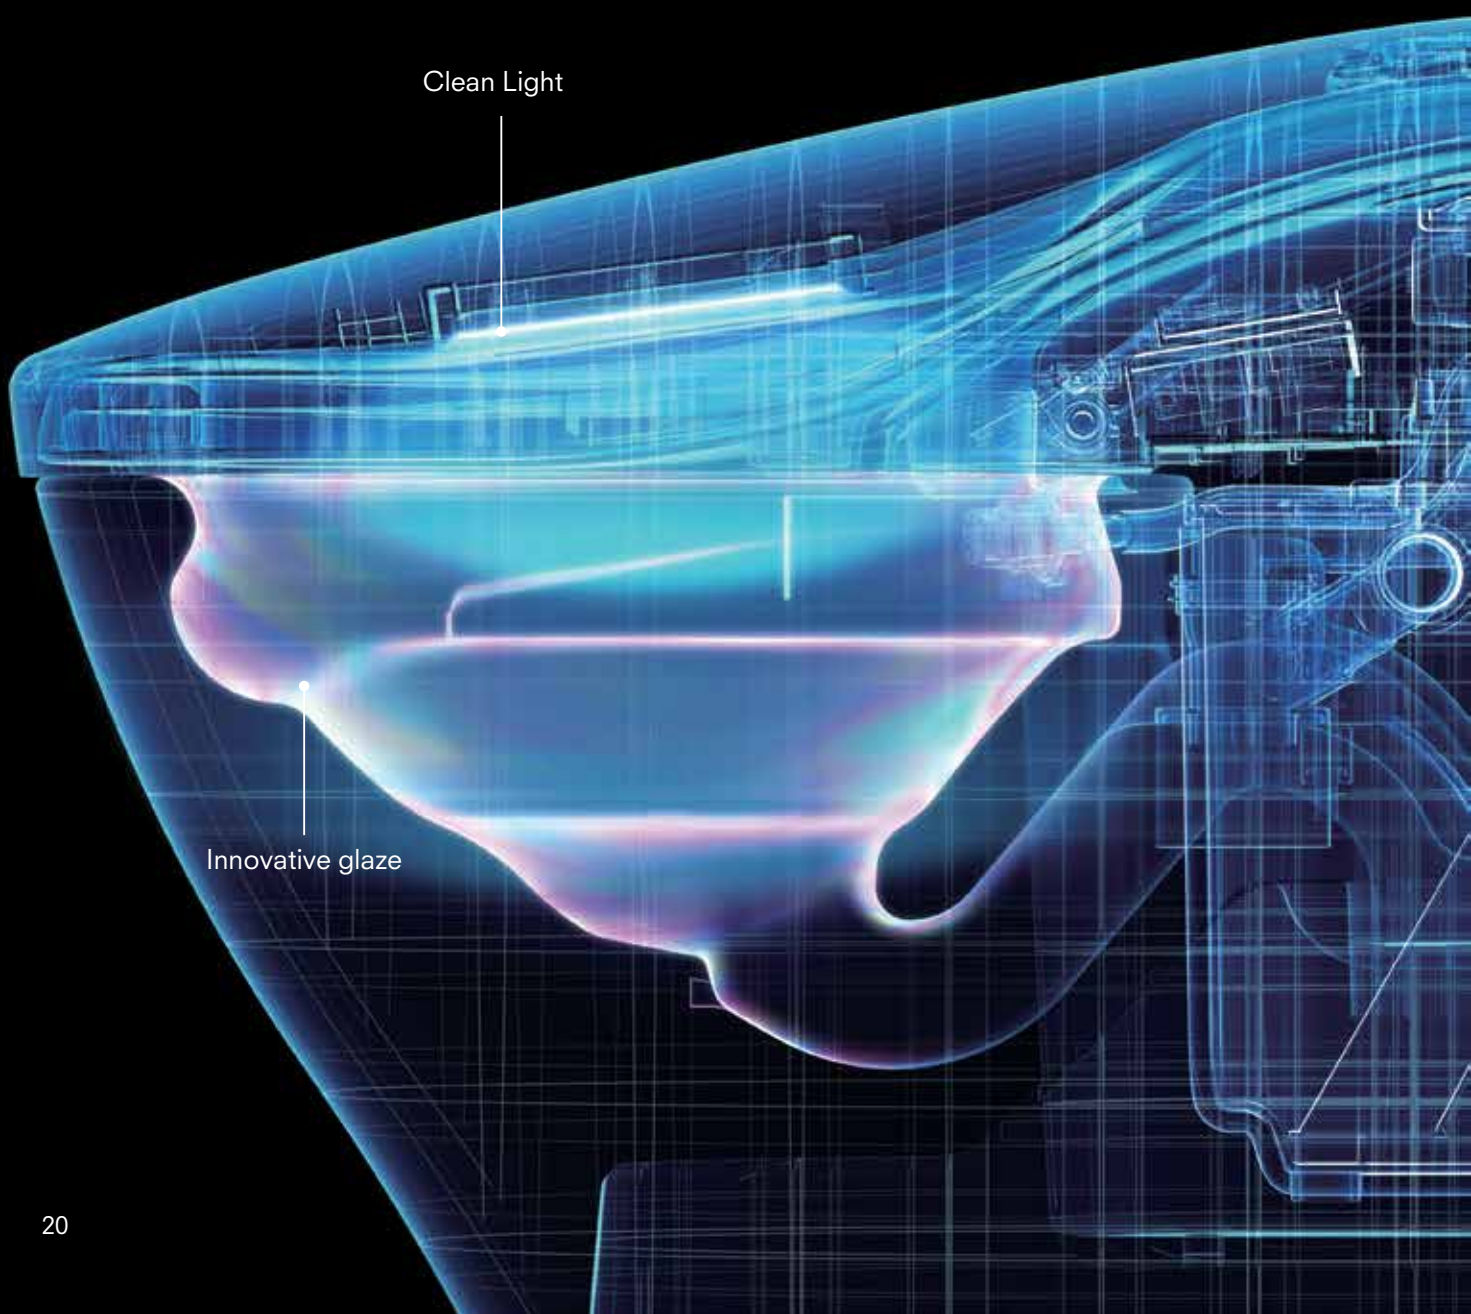

CLEAN TECHNOLOGY

Ensuring lasting cleanliness
for your peace of mind

ACTILIGHT

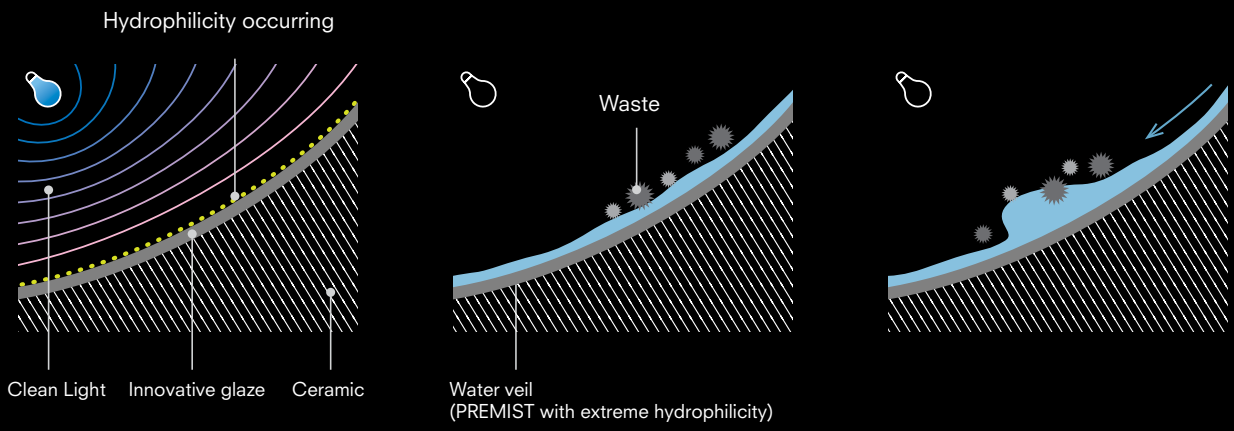

Photocatalytic glaze, the ultimate cleaning technology,
has the natural power to decompose waste.

CLEAN Light and the extraordinary surface treatment enable easy removal of even microscopic debris and particles.

State-of-the-art materials

CLEAN Light and the extreme hydrophilic surface of the toilet bowl combine to attract water to the surface and keep the surface clean after use.

Operates 24 hours a day to maintain clean conditions

CLEAN Light and the extreme hydrophilic surface of the toilet bowl combine to make it easy to wash waste away and keep the toilet bowl surface clean.

Clean Light shines on the toilet bowl to generate strong hydrophilicity

During standby

PREMIST, a fine mist of water, is sprayed inside the toilet

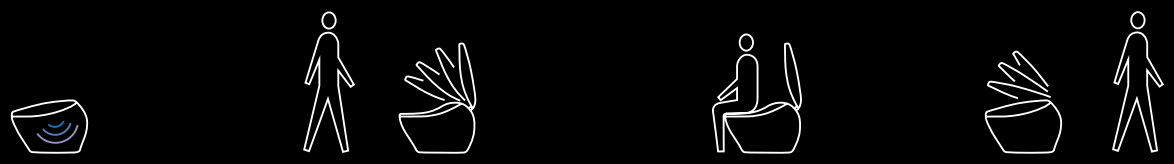

→ Before use

Since waste is less able to adhere to a wet surface, it is more easily washed away

→ During use

Automatic flushing followed by a spraying of EWATER+

→ After use

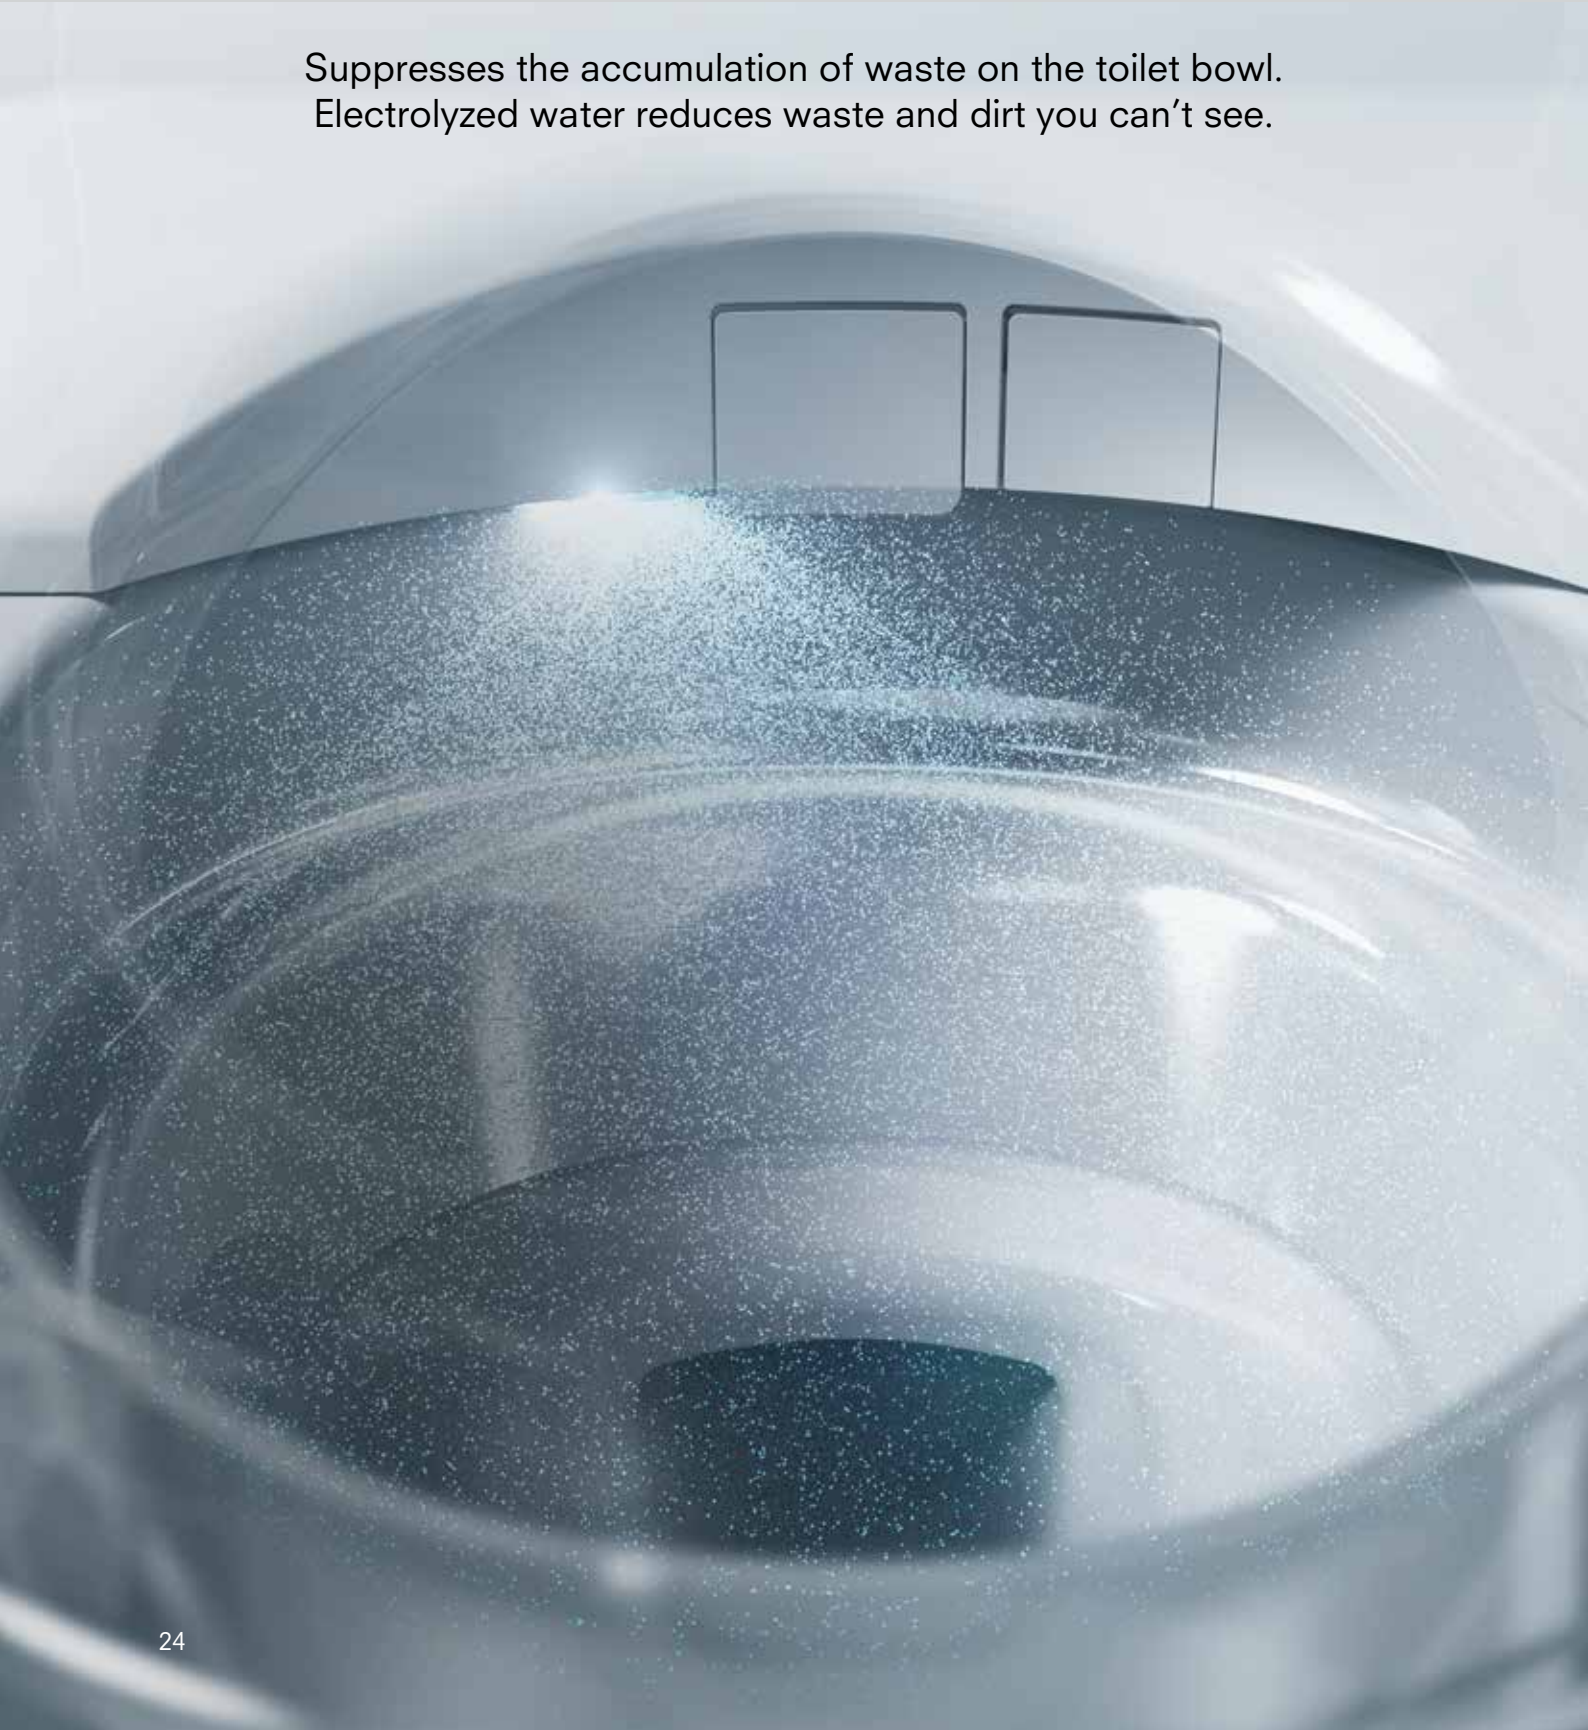

PREMIST
TORNADO FLUSH
CLEAN
Your toilet
clean anew
EWATER+
for WAND

CEFIONTECT
SYNERGY
reappears
every time.
RIMLESS
EWATER+
for BOWL

CLEAN SYNERGY

EWATER+ for BOWL

Suppresses the accumulation of waste on the toilet bowl.
Electrolyzed water reduces waste and dirt you can’t see.

EWATER+

WASHES THE TOILET BOWL, WHERE WASTE TENDS TO ACCUMULATE AND PRODUCE STAINS THAT CAN BECOME PERMENANT.

Using no chemicals or cleaning agents, EWATER+ leaves microscopic waste no place to hide and provides everyday peace of mind.

Without EWATER+

With EWATER+

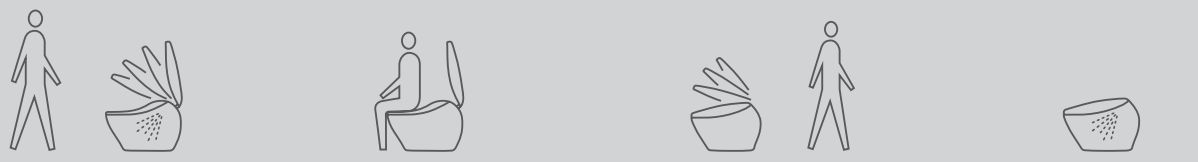

How EWATER+ Cleans

PREMIST, a fine mist of water is sprayed inside the toilet

Since waste is less able to adhere to a wet surface, it is more easily washed away

EWATER+ is applied to wash the wand and toilet bowl and remove waste

EWATER+ is automatically sprayed 8 hours after the last use

Generated from tap water

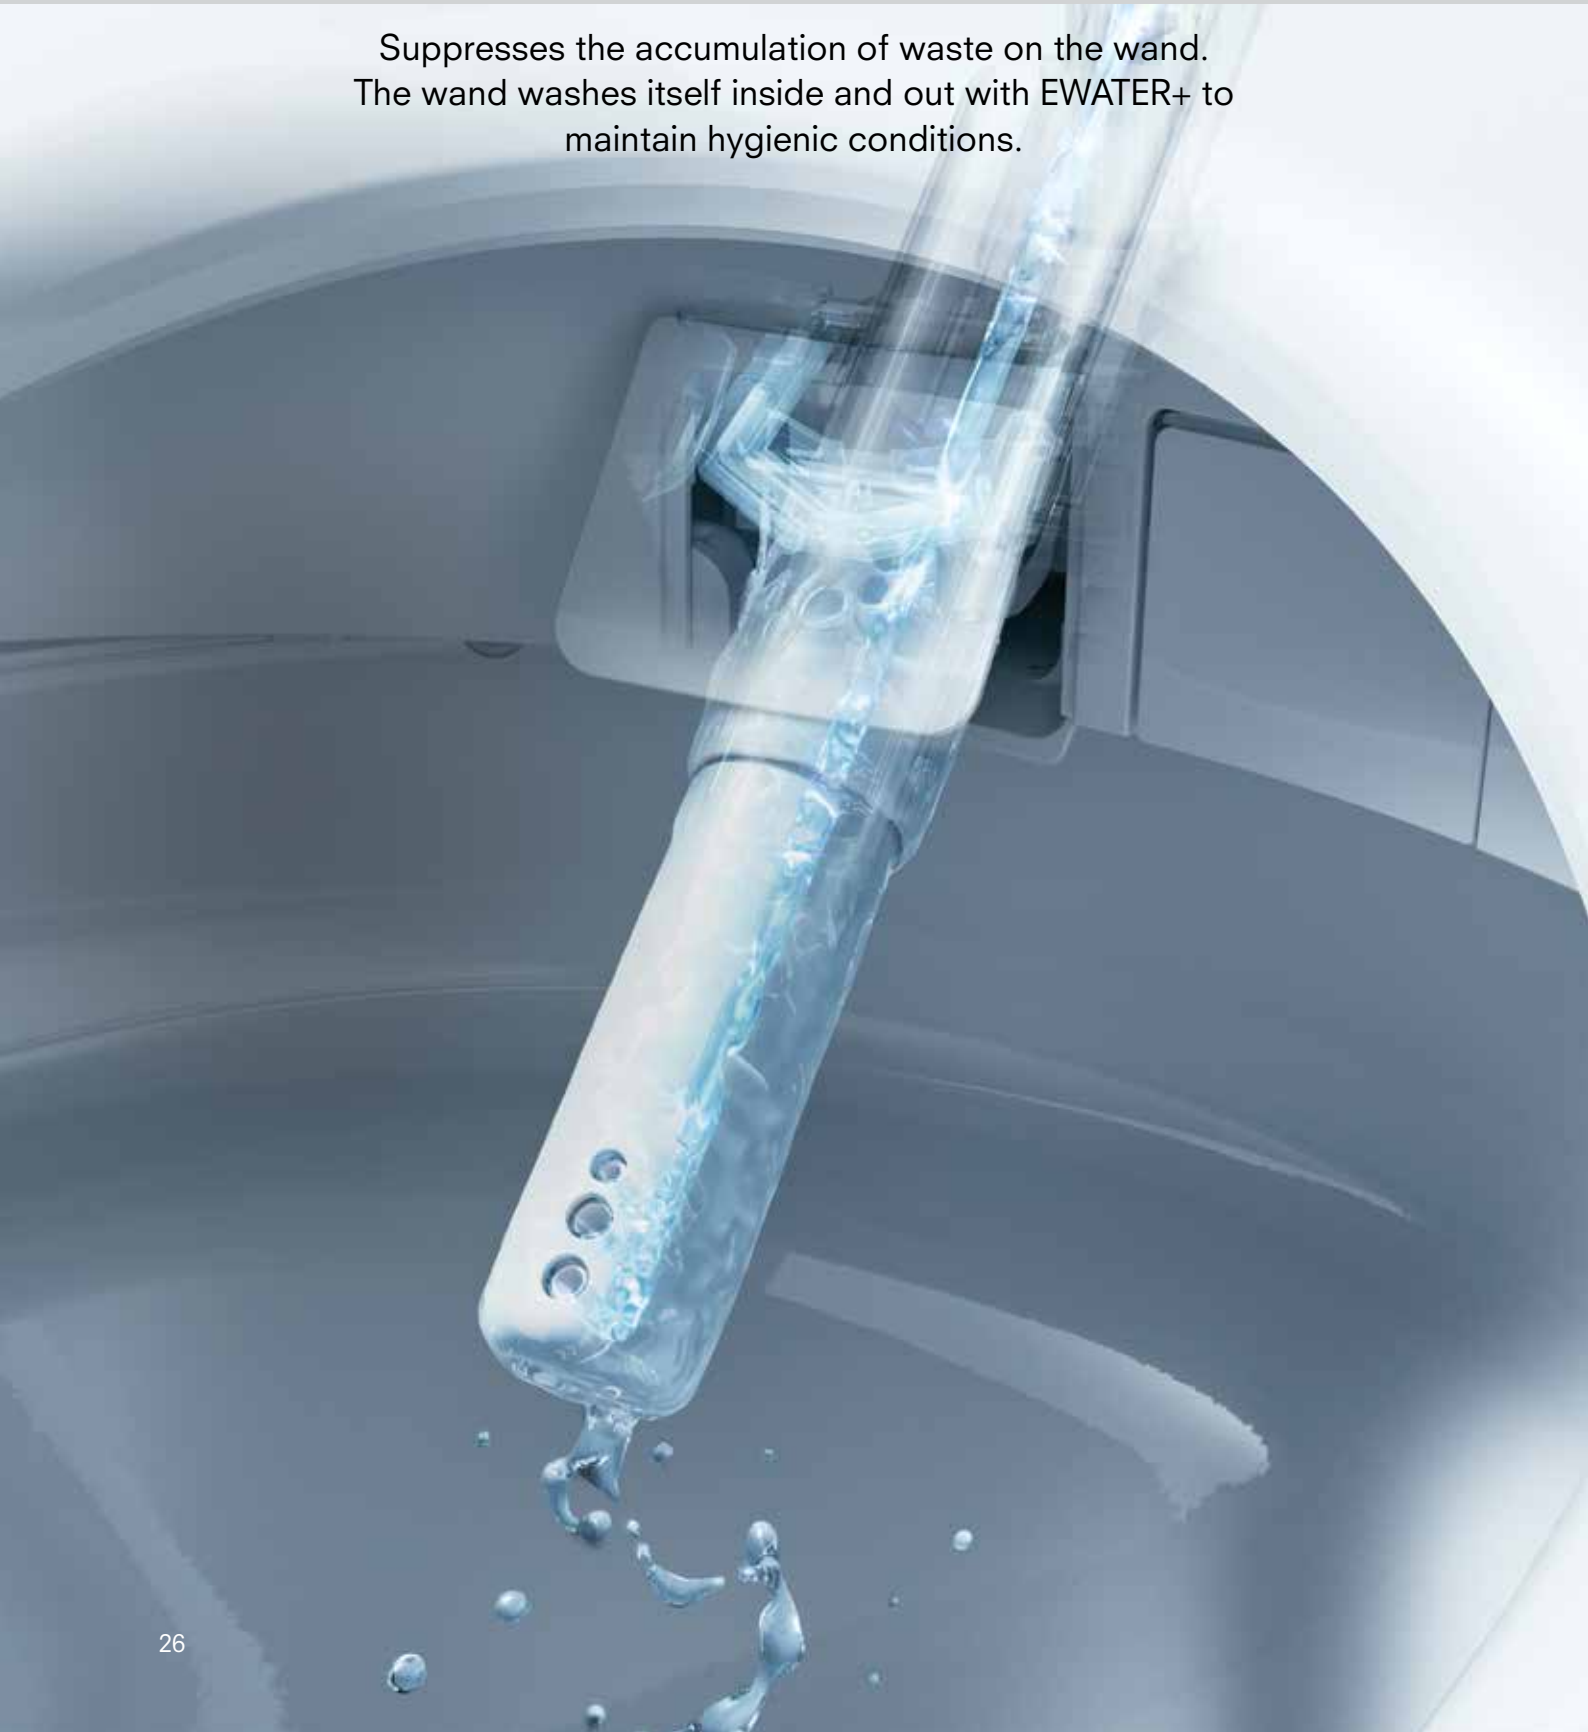

Uses no detergents or chemicals

Reverts to normal water with time

CLEAN SYNERGY

EWATER+ for WAND

Suppresses the accumulation of waste on the wand.
The wand washes itself inside and out with EWATER+ to maintain hygienic conditions.

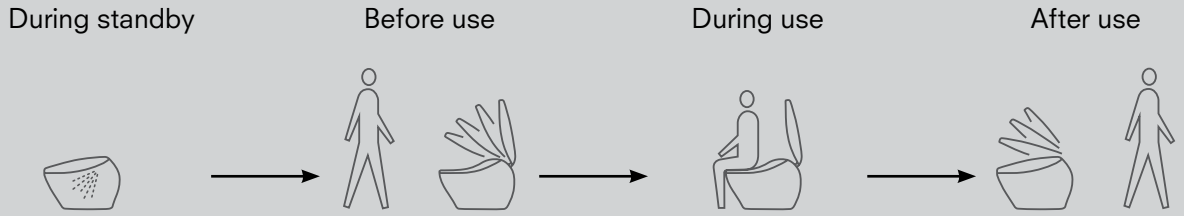

EWATER+

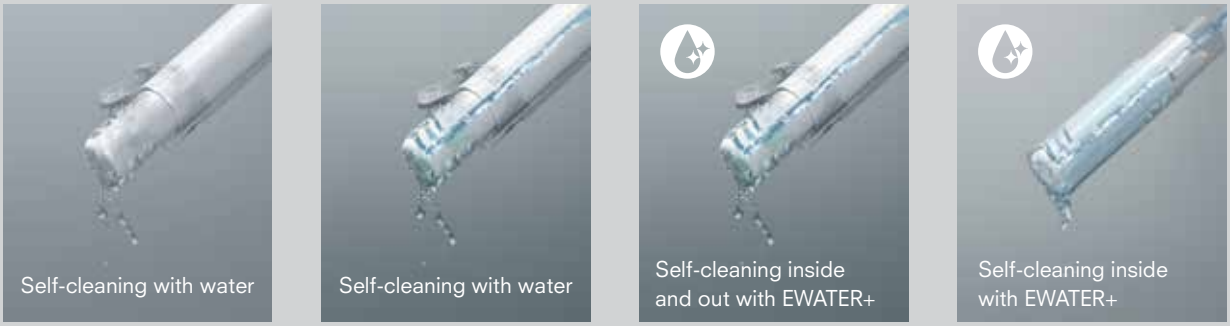

AFTER EACH USE,
THE WAND AUTOMATICALLY WASHES ITSELF WITH EWATER+.

This thorough cleaning occurs inside the wand as well as all around the exterior.
Even when the toilet is not being used, the wand periodically washes itself to ensure constant clean conditions.

Self-Cleaning Mechanism

Always Keeping Conditions Clean

Made of high-quality, waste-resistant resin and automatically sprayed with EWATER+ after each use, the wand is extremely resistant to waste and stains. What's more, the wand attaches to the seat, not the bowl, so waste is less likely to even reach it.

Though the wand is self-cleaning, you will appreciate how easily you can reach it and wipe it spotless.

CLEAN SYNERGY

CEFIONTECT

Forces waste to slide down.

Ultra-smooth ceramic leaves nowhere for waste to cling.

PREMIST

Prevents waste from clinging.

A film of water keeps waste from clinging onto the toilet bowl.

CEFIONTECT

IS AN ULTRA-SMOOTH CERAMIC GLAZE THAT COATS THE TOILET BOWL.

Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

Eliminating the microscopic gaps where waste hides

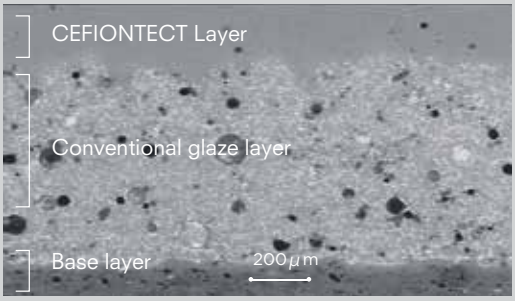

Conventional ceramic may appear perfectly smooth to the eye, but it has gaps where waste particles can hide.

At just one millionth of a millimeter, CEFIONTECT's surface ridges are much tinier than waste particles.

What makes CEFIONTECT so durable?

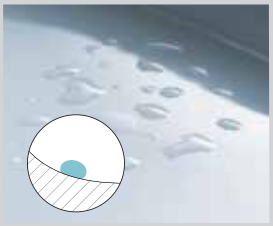

A glass layer is burned over the conventional glaze layer, making CEFIONTECT an extremely durable material.

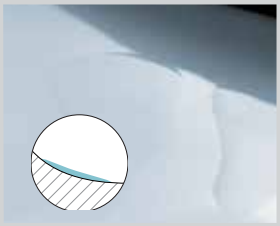

CEFIONTECT toilet micrograph *1Qm=0.001mm

Water has a strong affinity to CEFIONTECT

Hydrophilic describes organisms and materials that attract water. CEFIONTECT is hydrophilic. Water spreads easily over the toilet bowl, so waste particles easily wash away.

Hydrophobic

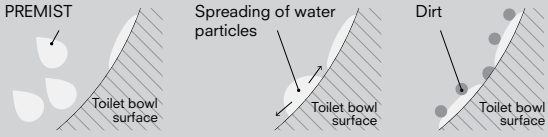

Hydrophilic

PREMIST

To ensure waste washes away easily,
a film of water keeps waste
from clinging onto the toilet bowl.

PREMIST automatically sprays water over the surface of the inner toilet bowl before every use. Due to the ceramic's hydrophilic nature, waste washes away more easily.

CLEAN SYNERGY

TORNADO FLUSH **RIMLESS**

Swirls and ejects waste entirely.
360˚ cleaning power reaches every spot using less water.

TORNADO FLUSH

NOT ONLY CLEANS MORE EFFECTIVELY, IT DOES SO QUIETLY USING LESS WATER.

Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

Powerful washing where waste can easily accumulate

TORNADO FLUSH's dynamic waterjet discharges from near the front of the toilet bowl, travels in a narrow channel along a hairpin curve, and with sustained water pressure thoroughly cleanses the areas where waste accumulates most easily to wash the entire bowl clean.
The exquisitely-designed, high-quality ceramic bowl makes this innovative design possible.

RIMLESS

The RIMLESS design not only leaves no place for waste to hide, it also makes it much easier to clean the toilet.

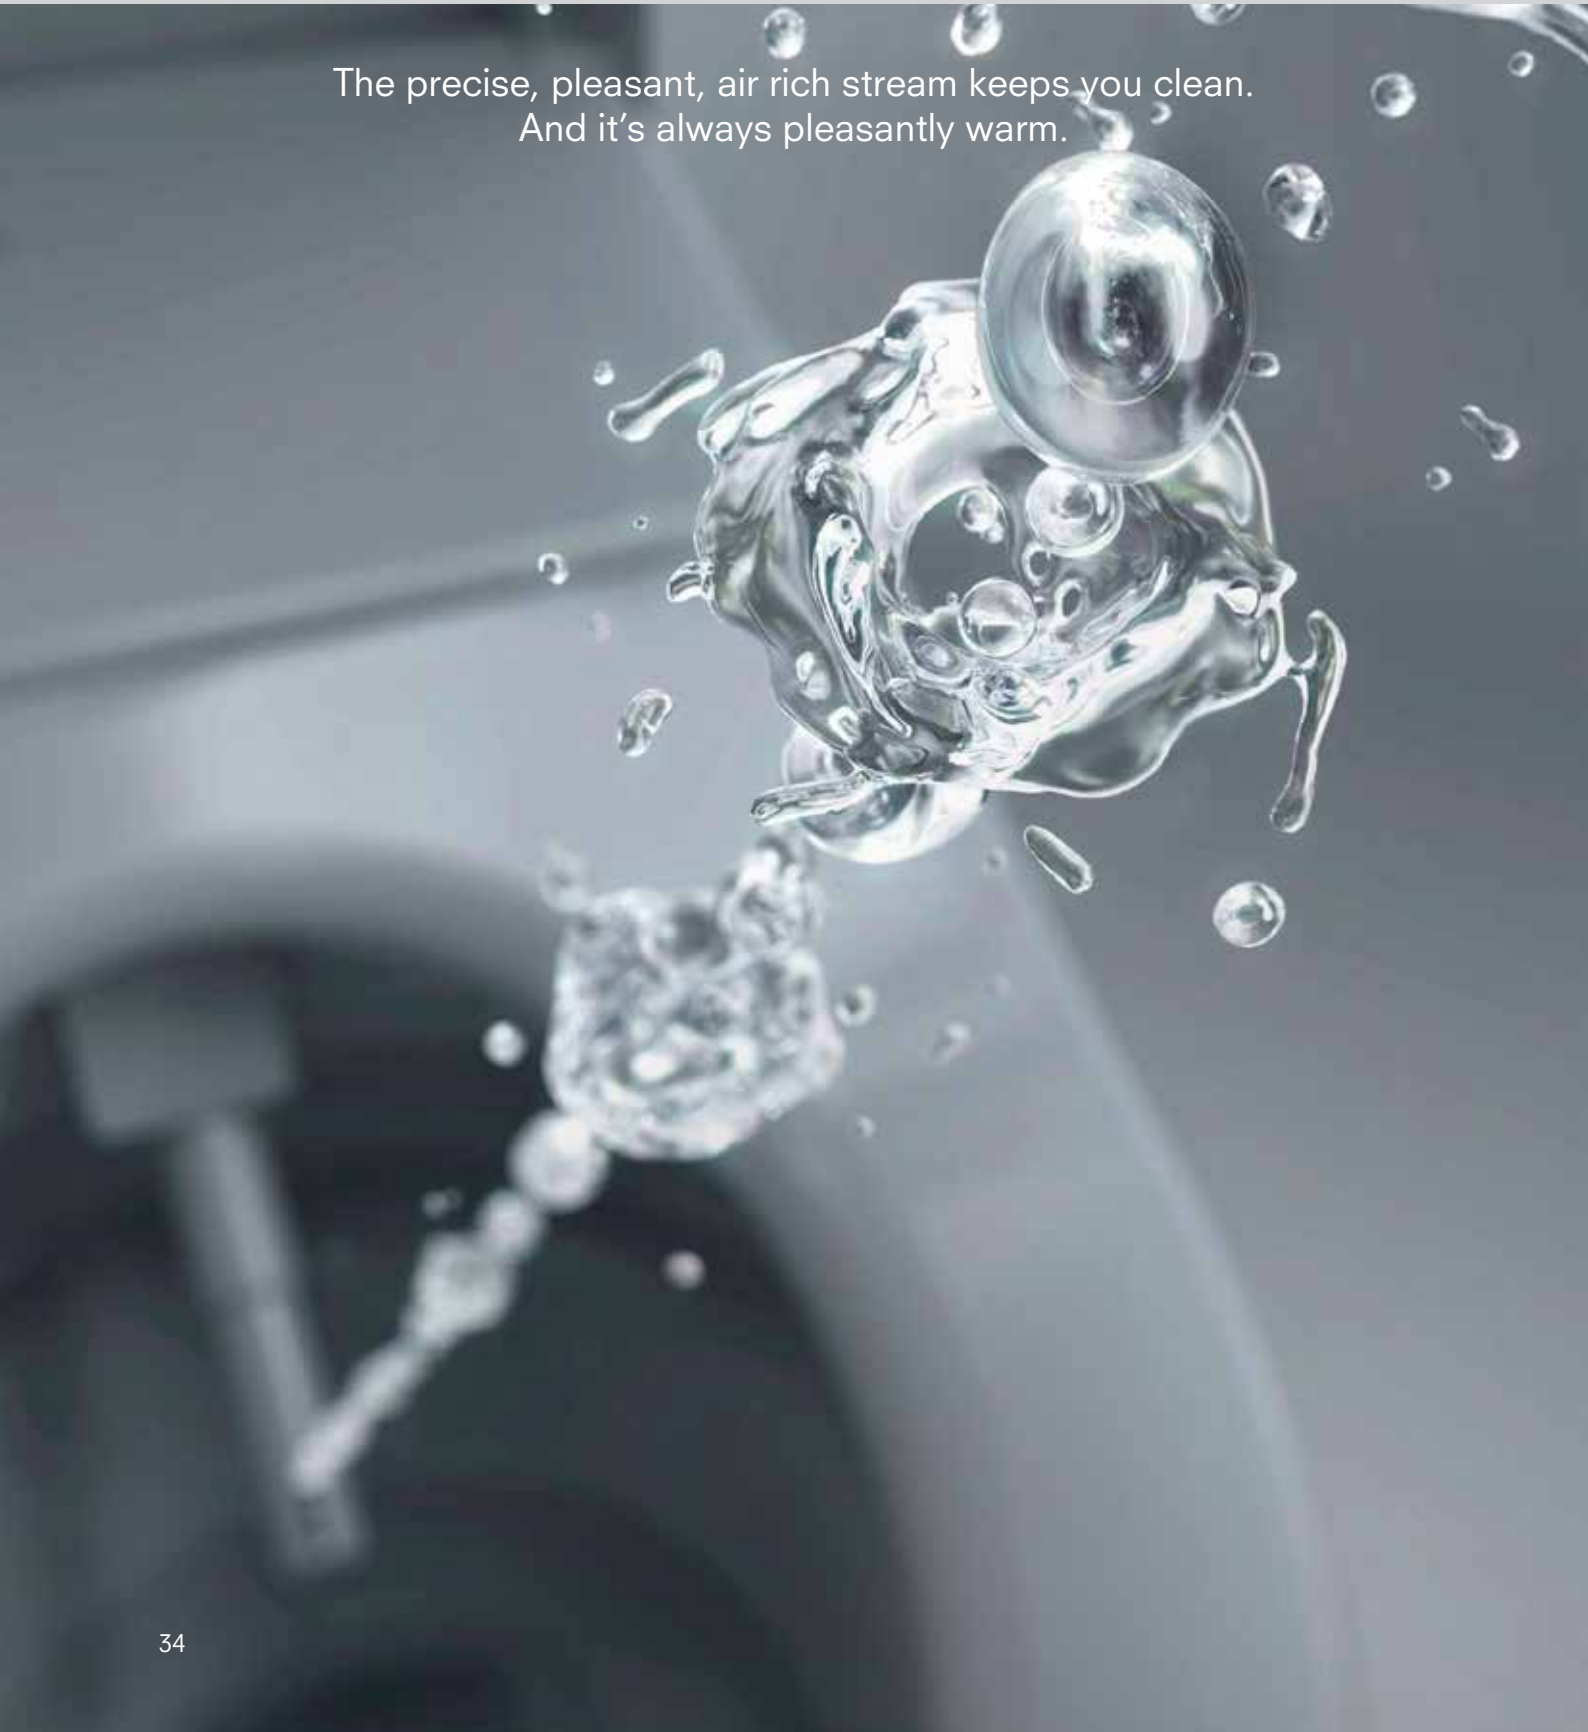

CLEANSING TECHNOLOGY

Supporting your health and wellness with a new type of clean

AIR-IN WONDER-WAVE

The precise, pleasant, air rich stream keeps you clean.
And it's always pleasantly warm.

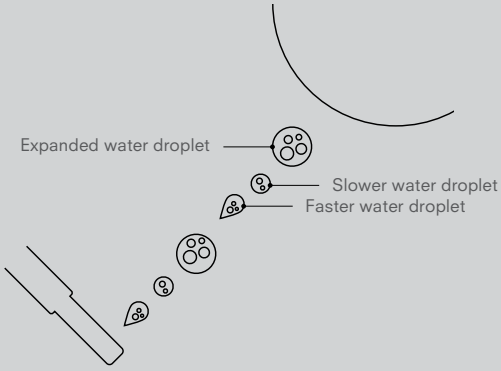

AIR-IN WONDER-WAVE

AIR RICH WATER DROPLETS TO PRODUCE A MORE COMFORTABLE WASHING SENSATION AND DELIVER MORE THOROUGH CLEANSING WITH LESS WATER CONSUMPTION.

Even more, water is warmed instantly as needed,
so you need not worry about running out of warm water.

How AIR-IN WONDER-WAVE works

AIR-IN WONDER-WAVE technology is a precise and pleasant air-rich stream that keeps you clean. As water droplets are fired at different speeds, small droplets collide with larger ones, combining and expanding as they fill with more air. The injection of air enlarges the water droplets by approximately 30%.

Select the type of cleansing you desire.

NEOREST® NX2, NX1 Remote Control

REAR CLEANSING

Large air-filled water droplets provide a comfortable sensation and complete cleansing with minimal water use.

SOFT REAR CLEANSING

Plentiful showers of water provide a gentle sensation and complete cleansing over a wide area.

FRONT CLEANSING

A gentle dispersion of large water droplets ensures intimate cleansing in the most comforting way.

WIDE FRONT CLEANSING

Showers of small water droplets reach a wide area, ensuring a gentle sensation for sensitive skin.

COMFORT TECHNOLOGY

Pursuing comfort to enrich everyday living for you and your loved ones

COMFORT TECHNOLOGY

For greater performance and hygiene
in the bathroom

AUTO OPEN/ CLOSE LID

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

SOFT LIGHT

Subdued lighting switches on when the toilet is approached, so users don't have to be exposed to bright bathroom lights at night.

HEATED SEAT

The moment you approach the toilet, the seat begins to rapidly warm up to a comfortable temperature.

DEODORIZER

Highly-effective deodorizing automatically takes place inside the toilet bowl both during and immediately after use, eliminating unwanted odors.

AUTO FLUSH

No need to touch buttons or the handle and never worry about someone forgetting to flush — it's automatic after each use.

WARM AIR DRYING

Enjoy the ease and comfort of the temperature-adjustable warm-air dryer.

ECOWASHER

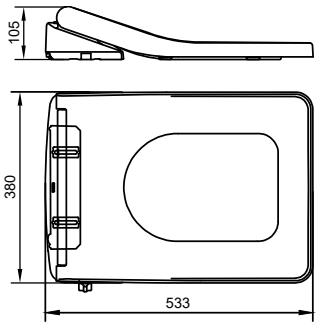

ECOWASHER

The ECOWASHER is extremely convenient because it does not require any electricity. The water from the nozzle is controlled solely by water pressure. Without needing an electrical outlet, it is easy to install and remove for cleaning purposes.

Self cleaning

Soft closing

Easy remove for cleaning

TOILET

TOILET

TOTO products represent the next generation of washroom products. We continuously make technological advancements to develop the most hygienic, comfortable and sustainable toilets. Combined with TOTO's distinctive minimalist design aesthetic, our toilets enhance every washroom setting.

TORNADO FLUSH

RIMLESS

CEFIONTECT

WATER SAVING

TOILET TECHNOLOGIES

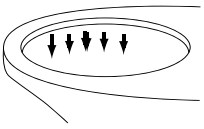

TORNADO FLUSH

360° cleaning power reaches every spot using less water.

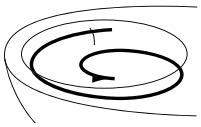

Advantages

A more quiet flush, cleans the entire bowl more thoroughly hence reducing the need for chemical cleansers

Regular Flushing

TORNADO FLUSH

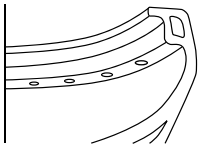

RIMLESS

The RIMLESS design leaves no place for waste and germs to hide.

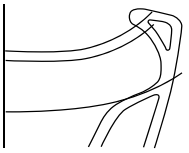

Advantages

Easier to clean, minimises the need for toilet cleaner

Regular Rim

RIMLESS

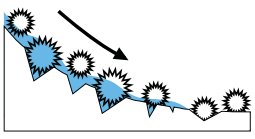

CEFIONTECT

Ultra-smooth ceramic leaves nowhere for waste to cling

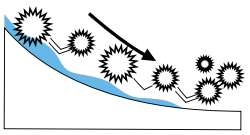

Advantages

Easier to clean, dirt resistant, minimises the amount of toilet cleaner required

WASHBASIN

WASHBASIN

Simple and beautiful in appearance. Comfortable and streamlined design. Earth-friendly materials and efficient performance. These are the principles that underlie all of our washbasins.

CEFIONTECT

LINEARCERAM

LINEARCERAM

CEFIONTECT

Material used for washbasins that achieves an extremely thin design yet two times as strong as standard fireclay.

LINEARCERAM

IT'S BEAUTIFUL DESIGN HARMONIZES WITH ANY SPACE.

Although eye-catchingly thin, it is also extremely strong.
Sophisticated and inviting to use,
LINEARCERAM is a new paradigm in bathroom aesthetics.

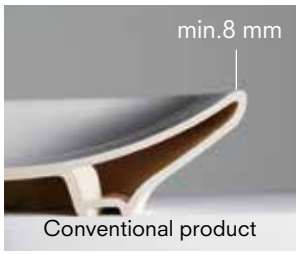

A proprietary ceramic developed by TOTO realizes basins of exquisite thinness.

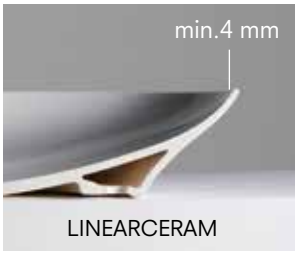

Although the width of LINEARCERAM basin rim is approximately half that of a conventional basin, the material used is almost 200% more durable regarding tensile strength.

CEFIONTECT

CEFIONTECT prevents waste from clinging and ensures easy cleaning, all while offering superior durability for long-term use.

COMFORT GLIDE

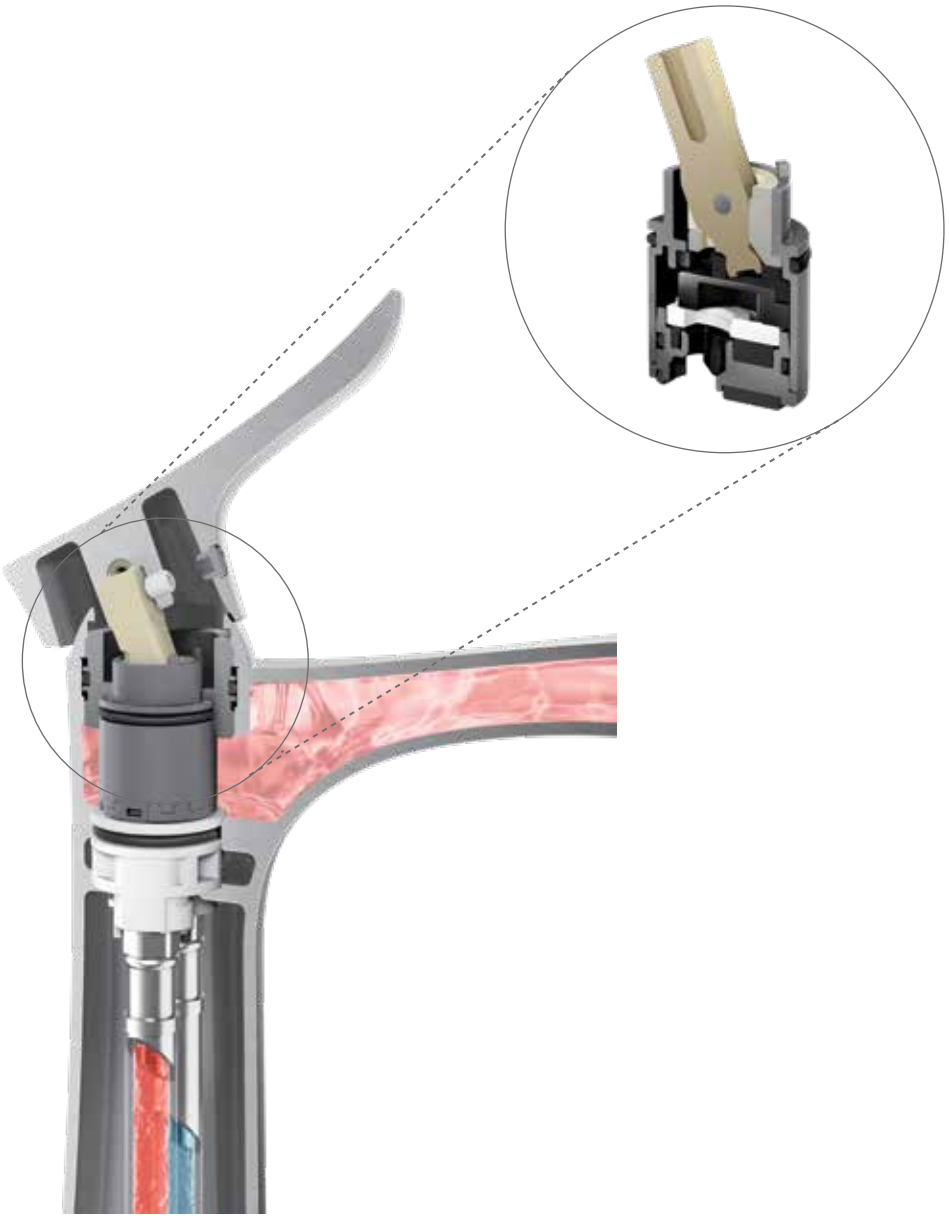

COMFORT GLIDE

Everyday ease-of-use that is grounded in the senses.

Comfort. For TOTO, this does not simply mean comfort of movement. Ease of use, when it lasts a long time, becomes comfort in itself. For this purpose, TOTO has developed the internal valve ba sed on users' touch.
Designed from the ground up to provide a fundamental comfort in operation.

Special coating for prolonged comfort

The ceramic disc, a core valve component, is covered with a special DLC (Diamond Like Carbon) coating. This ensures long-lasting quality over conventional faucets that use a greased valve.

Precise flow control, exclusive to TOTO.

Our exclusive technology means new functionality. We took the core component of the valve, the ceramic disc, and customized its shape for ease of use. Compared to conventional faucets, it's easier to control water flow when just a little is required, such as when you are washing a contact lens. Because you can achieve the right amount of water flow instantly, it helps conserve water.
*Adjustable flow functionality is not available on side-handle models.

reddot award 2019
winner

Sharp edges, the beauty of generous curves, and the contrast of polished and hairline finishes combine in a modulated design that achieves balance of a different order. The handle, asymmetrically shaped like a small stone, is beautiful from any angle and settles in rhythmically.

Lightness and dignity in a natural shape
for a timeless design.

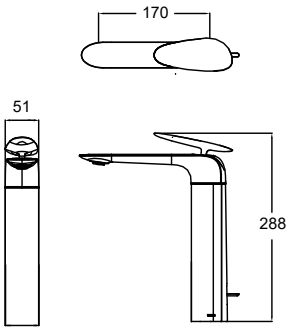

An asymmetrical faucet handle and washbasin bowl in beautiful harmony.

With the thinness of a flower petal, the organically shaped ZA series handle matches the delicate curve of the washbasin bowl in a way that suggests a breeze or a melody, further enhancing the appeal of the design for a fresher everyday in spaces that share its natural motif.

DESIGN AWARD 2018

A precise, ultra-thin form delivers a tranquil, keenly framed beauty.

The smooth, flat, mirror-like surface and ultra-thin edge generates a contrast in two dimensions whose overwhelmingly delicate look – made possibly by advanced processing technology – shares a design philosophy with the square-lined, sharp-edged washbasin bowl.

Enhancing flow and gesture,
the design fits the sharp washbasin bowl.

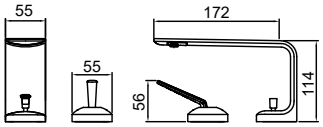

Abundant water flows like a waterfall from the horizontal spout, while the handle can be operated gracefully with a gentle pinch of the fingers. Beautifying even the flow of water and human gestures, the design resonates with the sharp, square washbasin bowl to create a richer space.

reddot award 2019
winner

The beauty of traditional craft in a characteristic sculptural form.

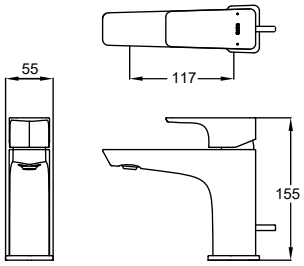

The sharp, taut V-shaped edge that extends up to the end of the spout generates multi-sided reflections revealing a range of expressions. The chrome finish further accentuates the distinctive design for a richer, more luxurious look that helps generate extraordinary, inspirational spaces.

reddot award 2019
winner

The two-handle design captures the rich aesthetic of an elegant hotel.

Aligned along a straight line, the faucet and handles present a strikingly consistent design. The horizontal line crossing each base serves as a boundary that tightens the gaps between them. The low center of gravity adds a dignified accent to interior spaces without getting in the way.

DESIGN AWARD 2019

reddot award 2019
winner

Bold parallel arches
and reflective curves in
an assertive design.

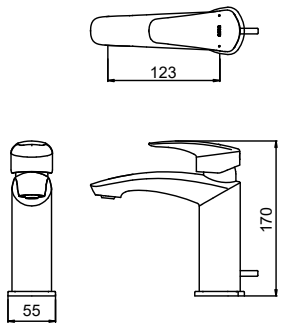

Suggesting the majestic dignity of outstanding architecture, the shape combines—in the arch of its spout and a columnar body—elements seen in traditional shrine gates. Its imposing presence is further accentuated by the highlights that trace its edges.

reddot winner 2020

The stately squareness and beveled edges imbue a space with dignity.

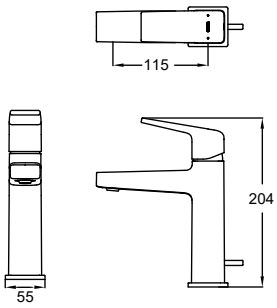

Edges so gently beveled, you'll want to draw your finger along them. The balanced highlights accentuate the shape of the gradually narrowing spout and the sleek silhouette of the whole.

Subtle and sharp,
this elegant, timeless design
upgrades the everyday.

The subtle curves of the spout and handle, the sharpness of the edges, and the refined proportions of the whole combine in quiet harmony to create an atmosphere of advanced elegance.

best of the best

Flowing and curvaceous,
the organic form leaves
a graceful impression.

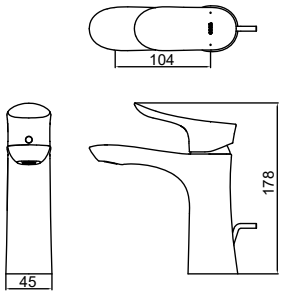

With a spout and handle
that grow and a body defined by
curves, the faucet suggests a plant
bathed in sun-light, reaching higher
and higher as it grows, with a soft,
sculptural beauty that sustains both
space and user.

reddot award 2017
winner

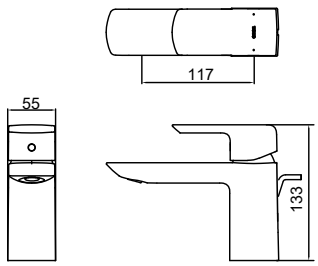

The design contrasts found in this marriage between sharply honed edges and the gentle curves at the top of the spout and handle generates a regal air while further bolstering its imposing sculptural beauty.

The weight of a metal ingot cut at right angles tightens up space.

COMFORT WAVE

Large droplets of water
Richly dense
Pleasing to the scalp
Luxurious sense of comfort

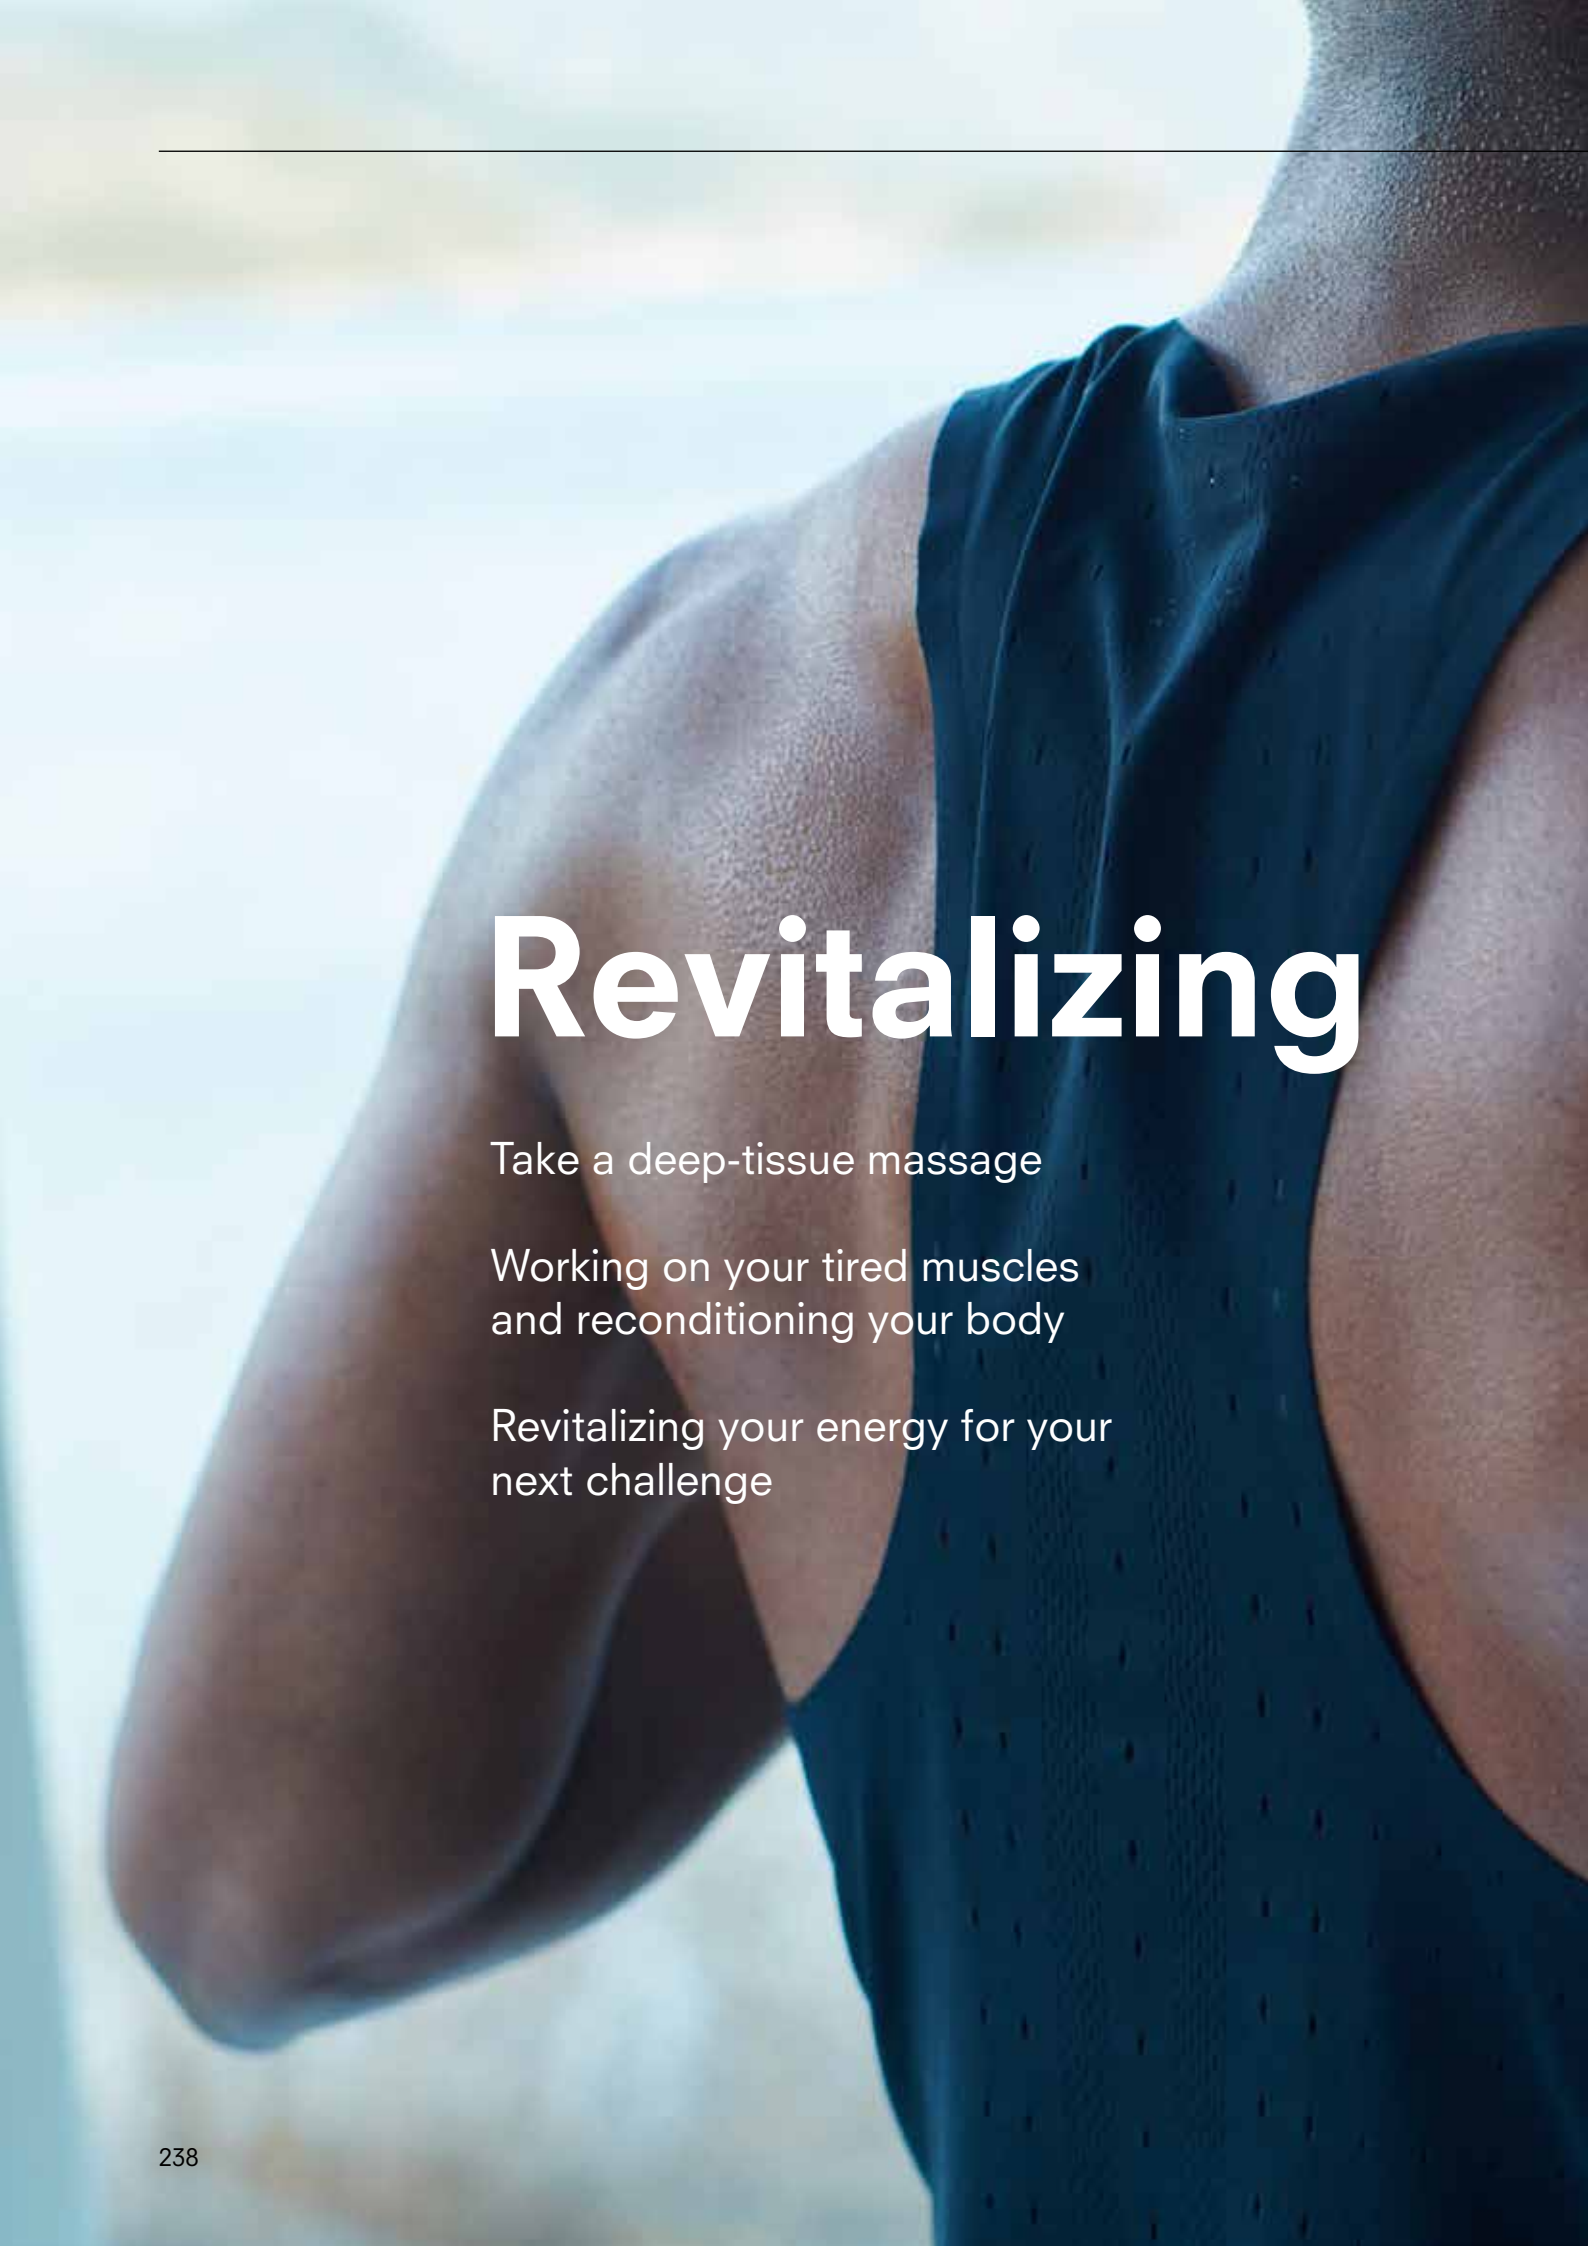

THAT QUALITY: ONLY TOTO

The image illustrates water prevention. While the fine drops of the conventional shower bounce off the hair, the larger drops of the COMFORT WAVE reach all the way to the scalp.

Revitalizing

Take a deep-tissue massage

Working on your tired muscles and reconditioning your body

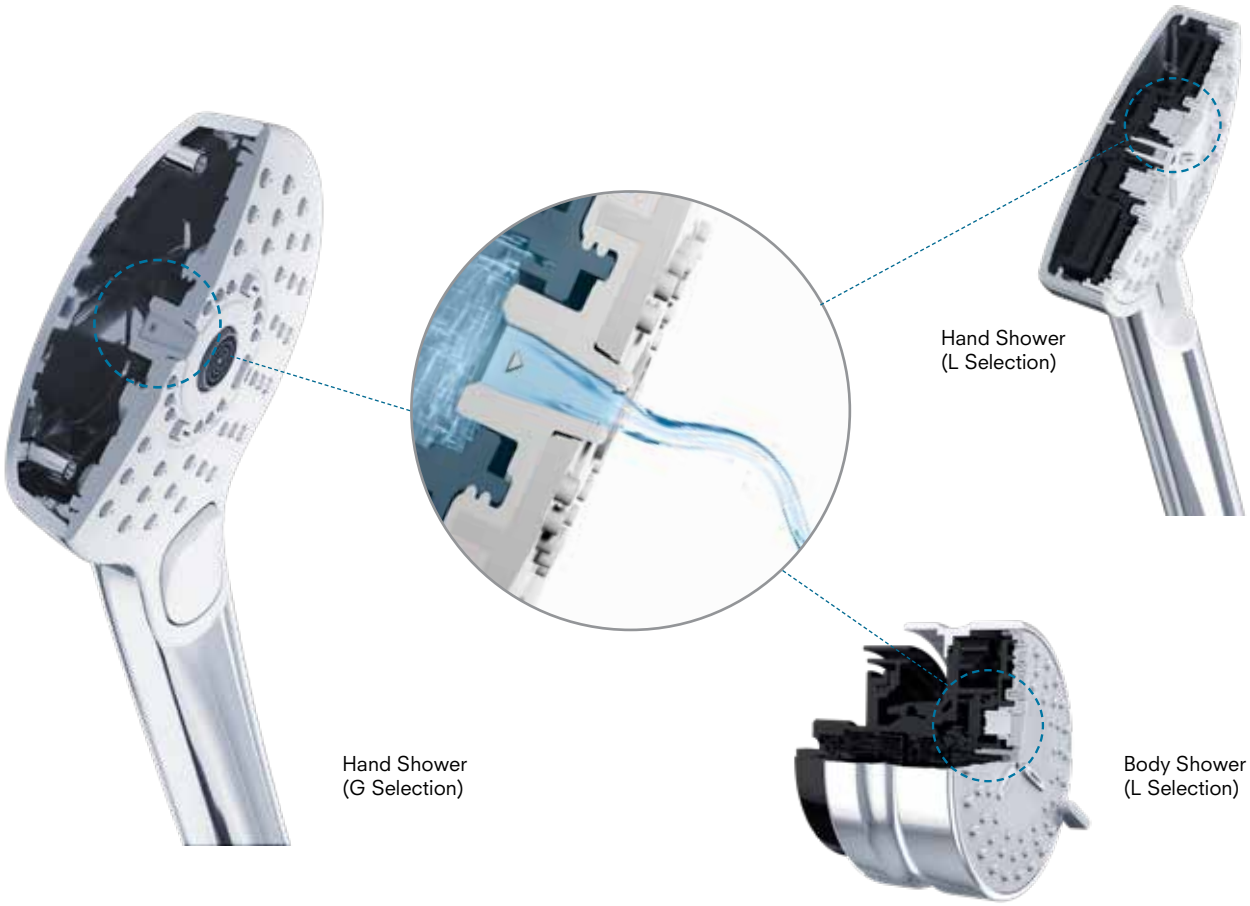

Revitalizing your energy for your next challenge

Revitalizing

Stimulating to body and mind.
Awakening to the senses.

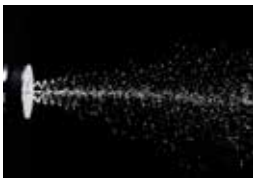

ACTIVE WAVE

INTENSE WAVE

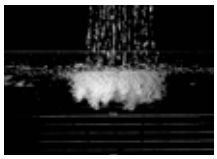

INTENSE WAVE+

THAT QUALITY : ONLY TOTO

The image illustrates the comparison of the force of water.
We examined the power of water flow against a transparent pool.

Safety for the entire family

When our children start bathing on their own,
we cannot help but worry.
Will the water suddenly become too hot?
Or might they burn themselves on hot fixtures?
TOTO's safety features alleviate any such concerns.

TBV01402B
With Spout

Prevents rapid rises in temperature for a safer bath time.

A coil made of Shape-Memory Alloy (SMA Coil) reacts instantly to water temperature change, keeping the temperature from rising.

By comparison with the SINGLE product, SAFETY THERMO produces a smaller range of temperature fluctuations during bathing, even when the water pressure drops due to a toilet flushing.

Prevents getting too hot and is beautifully shaped for a more pleasant daily bath time.

By covering the path of the hot water with a layer of cold, HEAT PROTECT is able to prevent burns when accidentally touching the fixtures.

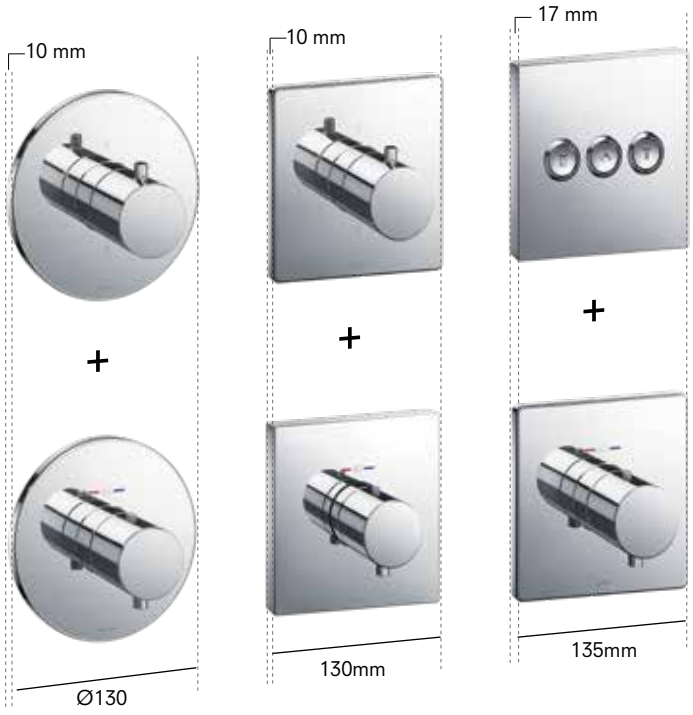

Easy installation in any bathroom

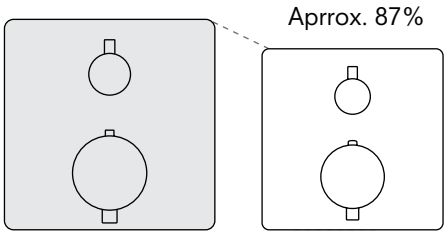

One of the most compact, miniaturized units in the industry supports the advanced features of this shower.

This allows easy bathroom upgrades without over-burdening current bathroom structures.

Industry-leading miniaturization. beauty in balance.

We shrunk the unit to one of the industry's smallest.The trims are also some of the most compact. In addition, our progress towards uniform sizes mean units can be used simultaneously to create a beautiful space. We also strived to make the trim as thin as possible. A bathroom of unity and style can be yours.

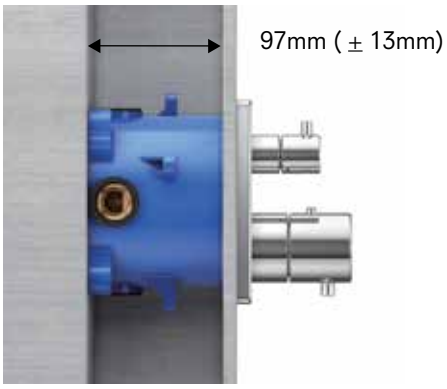

A compact unit offering freedom of choice for more beautiful bathrooms.

Concealed faucets liven up the bathroom. TOTO's MINI UNIT is a technology that gives you more freedom. We don't match the concealed system to each trim, instead we use a shared module. You can choose the functionality you need such as a single lever type, thermostat type, or touch button type,and also make choices based on design features such as round or square fixtures

Easier to install. Less load on the frame.

A high degree of flexibility when installing the MINI UNIT is one of its most attractive features. We were able to achieve one of the industry's smallest and lightest bodies for the concealed system. It puts only a minimal load on the architectural frames and has improved manageability during installation. In order to conceal the unit, the wall only needs to be 97mm, and the system is able to absorb installation errors of ±13mm.

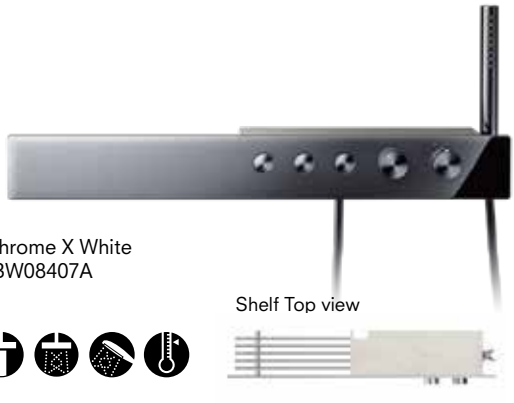

Meticulous attention to design and function for an even richer shower.

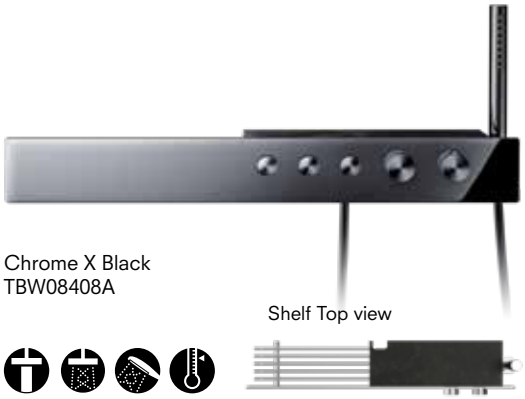

Stainless steel panels in a rich array of colors and finishes combine with artificial marble shelf-tops. The fine materiality resonates richly in the shower room, raising it to a higher level. Equipped with a rack that enables unobtrusive storage and an overhead shower that envelops the entire body for a rich shower time.

A perfect showering experience with just one touch.

Choose your shower experience with a simple switch.
For the hand shower we installed a switch right at your fingertip, and for the over head shower the switch is located inside the showerhead.
For the hand shower you can change easily between WARM SPA/ COMFORT WAVE/ACTIVE WAVE, and for the over head shower between WARM SPA and COMFORT WAVE. Feel free to enjoy the perfect shower for

Intuitive operations make it easy to get the showering experience you want

The handheld shower is equipped with a lever that is easily operated with your thumb while you hold it. Moving this lever left or right changes the water discharge mode. The body shower provides two water discharge modes. It has a form that allows a comfortable grip, with water delivery switched by rotating the main body left or right. Being able to freely switch between water discharge modes provides a pleasant bath time.

BATHTUB

Give yourself the time to indulge in luxury everyday. Taking a bath is no longer just about cleansing your body but also soaking in extreme comfort and tranquility.

TOTO's wide-range of bathtubs are specially designed to maximise the little time you have for yourself. Unwind in a luxurious sanctuary for relaxation and meditation.

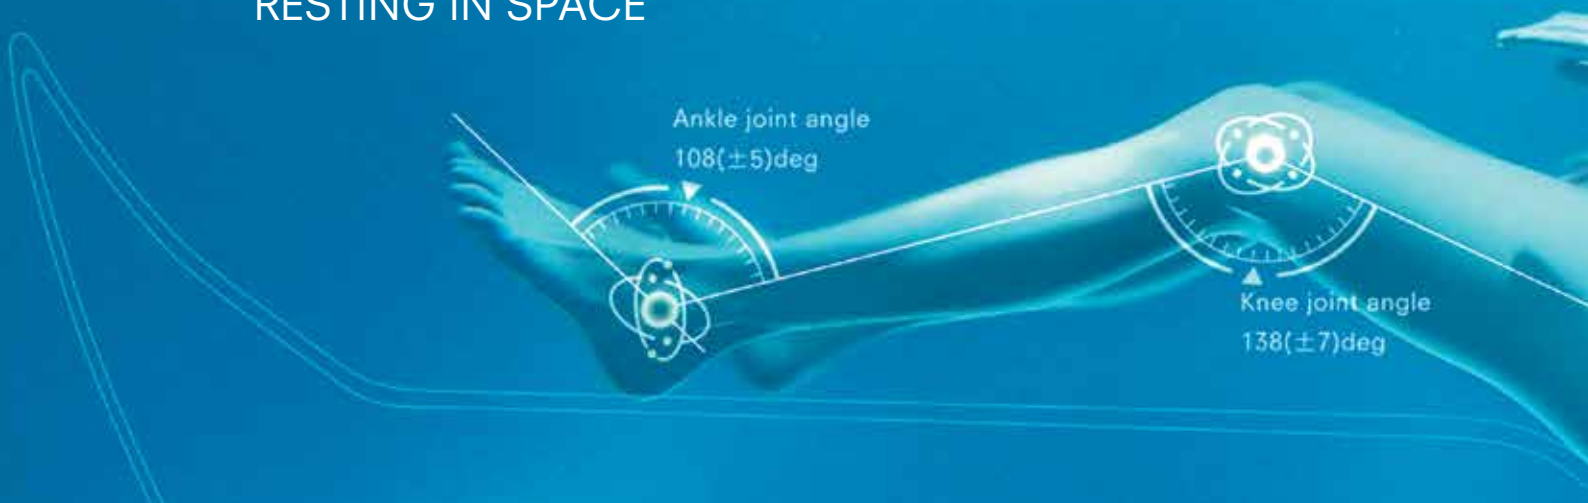

ZERO DIMENSION

HYDROHANDS

ZERO DIMENSION

Immersed in the meditative moment
of relaxation.

THE POSTURE OF AN ASTRONAUT
RESTING IN SPACE

ZERO DIMENSION bathing brings freedom from gravity, releasing stress on joints and encouraging ultimate relaxation.

After more than a decade of research on body positioning,
bathing and neurological relaxation,
TOTO developed the FLOTATION TUB. Its design simulates
zero gravity by offering bathers the experience of total weightlessness.
By releasing the bather from the bonds of gravity to float in
a tension-free state,
deep muscle relaxation occurs that calms the body, mind and spirit,
creating a sanctuary from the physical and mental fatigue that today's
world brings.

THE BRAIN IN A STATE OF TRANQUILITY

Research has shown that the ZERO DIMENSION bathing posture reduces activity in the part of the brain that houses the language function. This is the reason ZERO DIMENSION bathing feels calming and relaxing.

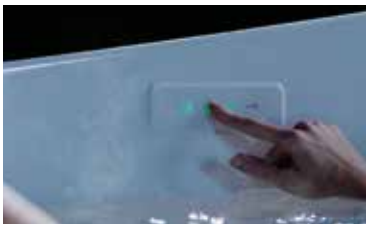

ADVANCED TECHNOLOGY ENCOURAGES RELAXATION

Exclusive features that make every bathing experience a luxurious occasion.

NECK BATH

With variable pillow positions ensuring stability, people of all body shapes can enjoy the warmth of the bath from above the shoulders to the neck.

CONTROLLER

The electrostatic controller is operated by the slightest touch.

HYDROHANDS

Deeply stimulating water massage gives the feeling of real hands kneading tired muscles.

LED LIGHTING

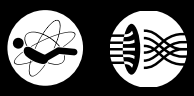

In the outer perimeter of the tub's base, LED lighting supplies a dream-like ambience.

AIR-JET

Fluctuating streams of air bubbles rise from below and envelop the body with a soothing sensation.

PUBLIC

PUBLIC

TOTO products utilize the latest technologies to provide clean add sustainable washrooms. Water-saving, energy-saving, and user-friendly, every detail and every mechanism is designed to offer comfortable, healthful, and hygienic lifestyles.

AUTO FUNCTION

SOFT FLOW

ECO POWER

CEFIONTECT

WATER SAVING

ECO CAP

ECO POWER

TOTO automatic faucets no longer need power from an electrical outlet. The energy from the flowing water is used to charge a battery that powers the faucet. The faucets require practically no maintenance.

Benefits

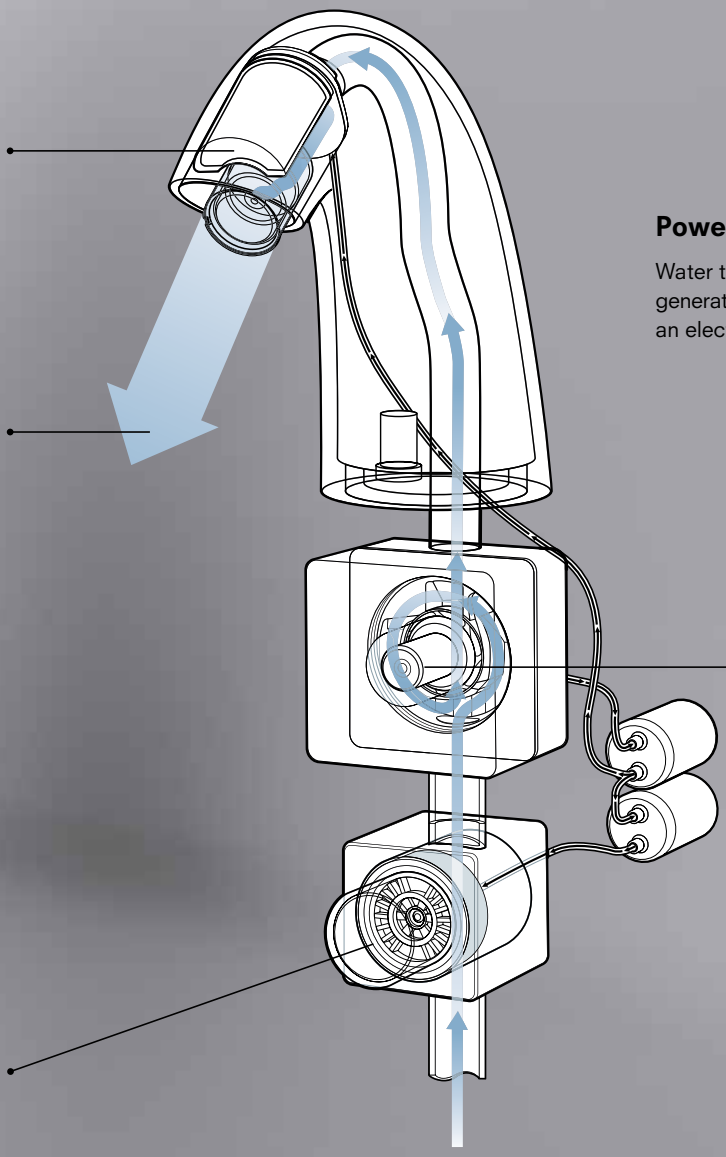

Easy to use, reduces physical contact, requires no external power supply, uses little energy

Micro Sensor

Integrated into the tip of the spout for accurate movement sensing

Aerated Water

Reduces water consumption by 50%

Power Generator

Water turns the power generator's turbine, creating an electrical current

Solenoid Valve

Activated by electricity from the power generator

The precisely balanced streams of water from SOFT FLOW faucets touch the skin gently, causing almost no spatter as you wash your hands. The feeling is soft, lustrous and enriching. Sensor-operation eliminates the need for levers or buttons to touch.

More than clean, beautiful

SOFT FLOW's translucent streams of water are exquisitely beautiful to the eye.

Splash-free handwashing

Even as the water completely envelops the palms, there is little to no splatter of droplets.

Hands-free operation

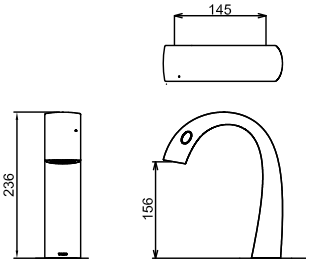

SOFT FLOW has sensors both for opening and closing the spout and for switching between hot and cold water. Simply waving the hand over the sensor operates it.
